Section Detail

SECTION DETAIL Therma Style panels are produced in woodgrain textured heavy-duty steel exterior skin. All doors are customizable with 66 panel and window combinations and include clear annealed glass.

ELEGANCE, DURABILITY & EFFICIENCY

With the timelessness of a traditional carriage style door and the durability of steel, the Therma Style 5500 is a great value when shopping for a custom garage door on a budget. Available in 66 panel and window combinations, this is a unique door that will showcase your personal style.

Tongue & Groove Section Joints **1**

Precisely designed thermally broken section joints reduce air infiltration and create weathertight seal.

Sandwich Construction **2**

3-layer steel front and back construction with insulating polystyrene core increases energy savings and smooth operation.

Panel Embossment **3**

Easy to clean woodgrain texture, galvanized and finish painted steel provide years of trouble-free performance and beauty.

Aluminum Retainer **4**

Hörmann minimizes floor corrosion by utilizing an aluminum bottom seal retainer that never rusts and is more durable than brittle plastic retainers.

Bottom Weather Seal **5**

Keeps out wind, rain, debris and other elements for added energy savings for your peace of mind.
