Luxury Level

STYLE, DURABILITY, SAFETY

The elegant charm of a classic wooden carriage house style door meets durable, maintenance-free construction. Our latest manufacturing technology combines a modern, aluminum garage door with the sophisticated appearance of classic, natural wood. Insulated 2" thick aluminum panels integrated with commercial grade extruded aluminum overlays create a strong, weather resistant door (R-5.6 thermal rating).

Tongue & Groove Section Joints **1**

Precisely designed thermally broken section joints reduce air infiltration and create weather-tight seal.

Standard Insulation **2**

Framing members and aluminum panels have a polystyrene core insulation for thermal and acoustic advantages.

Aluminum Construction **3**

Commercial grade extruded aluminum frame and design overlays are mechanically fastened at joints.

Glazing Options **4**

1/8" clear tempered glass is standard and 1/2" insulated glass is optional with various glass pane design options. 1/4" white laminated glass is also an option.

Bottom Weather Seal **5**

Keeps out wind, rain, debris and other elements for added energy savings.

WOOD FINISH OPTIONS

Glass Options

*Glass Options are available in both uninsulated or insulated variants

**Laminate glass options not available in insulated variant

- 1 Clear
- 2 Privacy
- 3 Obscure
- 4 Bronze
- 5 Mistlite
- 6 Satin Etch
- 7 Gluechip
- 8 White Laminated
- 9 Black Laminated
- 10 Gray
